At the young age of 36, Rachel Rausch was diagnosed with stage IV Lymphoma that has metastasized into her bone marrow. Rachel is currently undergoing chemotherapy and is getting ready to have her stem cells harvested to later be transplanted back.

Many of you know Rachel and her husband Steve, a long-time Snowmass Ski Patroller and Summer Ranger. Steve and Rachel are loving parents to Eva and an integral part of the Snowmass family.

We are trying to help the Rausch family focus on healing and not the financial burden that lies ahead. Part of living in such a wonderful community as ours is that when a friend needs a helping hand, the community is there to answer the call.

HOW TO HELP:

- Attend the benefit at Bumps to bid on and buy silent auction items.
- Donate items for the silent auction.
- Contribute to the "Rachel Rausch Medical Fund" at any Alpine Bank.
- Contact Craig Chalmers at 923-0540, Susan "Mouse" Carollo at 923-8639 or Amity Ludlow at 923-0550.
